CQ WW DX CONTEST SSB 24th-25th OCTOBER

As you properly know I am in the contest team at THE ROYAL SIGNALS and therefore will be contributing at Blandford camp with them for the CQ WW DX SSB on the 24th/25th Oct, I will of course update you on how it went in the next report

Torbay Ars finished 16th place out of 46 clubs in the club calls so we did well but its only up to you guys to push us up the list ,as we all know its a team work effort, Now for the autumn series which the lower licence can help with the foundation score trebled and intermediate score doubled.

I just want to say if any member is wanting to join our contest team or is having difficulty or lack of knowing what or how to upload to tars , please get in-touch with me either at a Friday club meeting or via email etc.. im more than happy to help get you going , remember you have to upload to win anything , the more club members enter the club competition the better it is, all of your qso count you don't have to contest , the rag chew/ repeater and vhf simplex including the nets , everything in your log counts.

There are quite a few more contest in october, so suggest you have a look at WA7BNM web site for all your contest info, just click on the blue square on the far left of the contest & that will bring up all the that contest info, That's it for this time,

Don't forget to let me have your contest reports for end of OCT 2026 for the HF Report

73 & have fun Eddie M8EVM.
